Date: January 10, 1991

R E S O L U T I O N

RESOLUTION T-14287. BAY AREA CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE SAN FRANCISCO/SAN JOSE CELLULAR GEOGRAPHICAL SERVICE AREA.

BY ADVICE LETTER NO. 73, FILED ON DECEMBER 10, 1990.

---

SUMMARY

BAY AREA CELLULAR TELEPHONE COMPANY (BACTC), by Advice Letter No. 73, filed on December 10, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the San Francisco/San Jose Cellular Geographical Service Area. This Resolution authorizes the construction of the new cell site, known as the San Francisco Airport II site, located at at Cargo Building Number 6, Northwest Airlines, at the San Francisco International Airport. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 73 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

BACTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the San Francisco Airport Commission, the Federal Aviation Administration, and the Federal Communications Commission.

Resolution T-14287  
Effective January 10, 1990

The proposed construction will be located at at Cargo Building Number 6, Northwest Airlines, at the San Francisco International Airport and is known as the San Francisco Airport II site. It will consist of 6 antennas mounted on an existing building.

The San Francisco Airport II site will become part of BACTC's cellular system serving the San Francisco/San Jose Cellular Geographical Service Area.

Public notice that BAY AREA CELLULAR TELEPHONE COMPANY filed Advice Letter No. 73 requesting authority to construct the San Francisco Airport II site appeared in the California Public Utilities Commission's December 13, 1990 Daily Calendar. In addition, copies of BACTC's Advice Letter No. 73 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

#### PROTESTS

No protests have been filed on BACTC's Advice Letter No. 73.
