RESOLUTION T-14300
Date: January 20, 1991

R E S O L U T I O N

RESOLUTION T-14300. LOS ANGELES SMSA LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE LOS ANGELES METROPOLITAN AREA.

BY ADVICE LETTER NO. 88, FILED ON DECEMBER 20, 1990.

SUMMARY

LOS ANGELES SMSA LIMITED PARTNERSHIP (LASLP), by Advice Letter No. 88, filed on December 20, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Los Angeles Metropolitan Area. This Resolution authorizes the construction of the new cell site, located at known as the Pomona site, 2157 Murchison Avenue, Pomona, CA. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 88 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The new Pomona site represents an additional cellular radiotelephone facility not described in D.87-04-014, granting LASLP a certificate of public convenience and necessity.

Resolution T-14300
Effective January 20, 1991

LASLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission); the City of Pomona, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 2157 Murchison Avenue, Pomona, CA and is known as the Pomona site. It will consist of a 6-foot antenna mounted to a platform attached to the roof of an existing building and an equipment shelter.

The Pomona site will become part of LASLP's cellular system serving the Los Angeles Metropolitan Area.

Public notice that LOS ANGELES SMSA LIMITED PARTNERSHIP filed Advice Letter No. 88 requesting authority to construct the Pomona site appeared in the California Public Utilities Commission's December 28, 1990 Daily Calendar. In addition, copies of LASLP's Advice Letter No. 88 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

PROTESTS

No protests have been filed on LASLP's Advice Letter No. 88.

FINDINGS

1. On December 20, 1990, LOS ANGELES SMSA LIMITED PARTNERSHIP filed Advice Letter No. 88 requesting Executive authorization to construct the Pomona cell site located at 2157 Murchison Avenue, Pomona, CA.
2. The Pomona site represents an additional cellular radiotelephone facility not described in Decision 87-04-014, granting LASLP a certificate of public convenience and necessity.
3. Decision 90-03-080 adopts G.O. 159 which sets forth certain requirements for the filing of advice letters requesting authorization to construct cellular radiotelephone facilities not described in a utility's certificate of public convenience and necessity.
4. Advice Letter No. 88 conforms to the requirements of Decision 90-03-080 and G.O. 159.

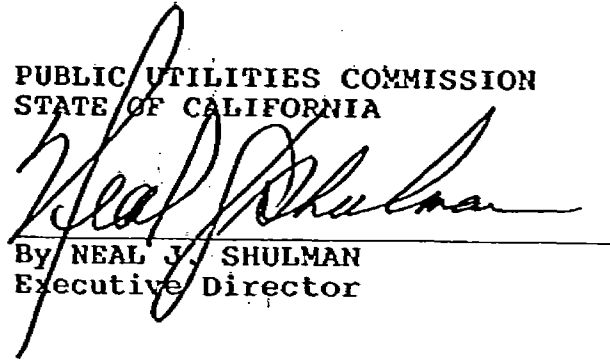

Resolution T-14300
Effective January 20, 1991

5. A LASLP officer signed a declaration which states that LASLP has received all necessary permits or approvals from the governmental entities listed in Advice Letter No. 88.
6. Advice Letter No. 88 lists the following entities which have jurisdiction over the proposed construction of the Pomona cell site: the City of Pomona, the Federal Aviation Administration, and the Federal Communications Commission.

THEREFORE, IT IS ORDERED that:

- (1) LOS ANGELES SMSA LIMITED PARTNERSHIP's request for authority to construct the Pomona cell site is granted.
- (2) The effective date of this resolution is January 20, 1991.
