R E S O L U T I O N

RESOLUTION T-14301. LOS ANGELES CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN LACTC'S AUTHORIZED CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER NO. 83, FILED ON JANUARY 11, 1991.

SUMMARY

LOS ANGELES CELLULAR TELEPHONE COMPANY (LACTC), by Advice Letter No. 83, filed on January 11, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving LACTC's authorized cellular geographic service area. This Resolution authorizes the construction of the new cell site, known as LACTC Cellular Site No.199, located at 9032 Balboa Blvd., Northridge, CA 91325. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 83 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The new LACTC Cellular Site No.199 site represents an additional cellular radiotelephone facility not described in D.84-06-110, granting LACTC a certificate of public convenience and necessity.

LACTC has obtained permits or approvals from the following governmental entity and asserts that this entity alone exercises jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): City of Los Angeles.

The proposed construction will be located at 9032 Balboa Blvd., Northridge, CA 91325 and is known as LACTC Cellular Site No.
