SUMMARY

U S WEST CELLULAR OF CALIFORNIA, INC. (U S WEST), by Advice Letter No. 37, filed on January 24, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the San Diego Cellular Geographic Service Area. This Resolution authorizes the construction of the new cell site, known as the Mount Palomar site, located at 22210 Crestline Road, Palomar Mountain, CA. BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. DISCUSSION

The new Mount Palomar site represents an additional cellular radiotelephone facility not described in D.84-12-023, granting U S WEST a certificate of public convenience and necessity.
