COMMISSION ADVISORY AND COMPLIANCE DIVISION
Telecommunications BranchRESOLUTION T-14312
February 21, 1991R E S O L U T I O NRESOLUTION T-14312. PACIFIC BELL. ORDER AUTHORIZING A
CONTRACT COVERING THE PROVISION OF CENTREX SERVICE TO
THE CITY OF BURBANK.

BY ADVICE LETTER NO. 15880, FILED ON JANUARY 29, 1991.

SUMMARY

Pacific Bell (Pacific), by Advice Letter No. 15880, filed January 29, 1991 requests authority under the provisions of General Order No. 96-A (G.O. 96-A) and Decision Nos. (D.) 88-09-059 and 91-01-018 to deviate from filed tariff schedules in order to provide the City of Burbank (Burbank) with Centrex service under a special contract. This resolution authorizes the contract, which Pacific estimates will result in an increase in annual revenue of approximately \$76,344 for the first year of the contract. No protests to this Advice Letter were filed.

BACKGROUND

In D.88-09-059 the Commission adopted a modified Phase I Settlement (hereinafter referred to as the Settlement). Under the provisions of the Settlement, the Local Exchange Companies (LECs) are allowed to provide certain services, such as Centrex service, under the terms of contracts between the LECs and their customers. The Settlement provides that such contracts become effective upon authorization by the Commission.

The process and requirements for the filing of advice letters to request authorization of customer specific contracts are set forth in Appendix A of D.88-09-059. Resolution No. T-13091, dated September 7, 1989, and Resolution No. T-13069, dated May 26, 1989 provided additional specifications on advice letter filings requesting authorization to provide Centrex service under contract.

D.90-04-031 further requires that special contracts comply with the principles of unbundling, nondiscriminatory access, imputation, and basing rate structures of monopoly utility

services on underlying cost structures. However, D.91-01-018 has tempered this requirement until a further decision on this matter is issued. In the interim, LECs may file advice letters for Centrex contracts using the pricing methodology approved by the Commission in D.88-09-059.

Under the terms of the contract, Pacific agrees to provide Burbank, which currently has a PBX System, with a minimum 600 lines and associated features for a period of five years at a fixed rate of \$7,750 per month. Burbank may elect to have more lines up to a maximum of 650 lines at the contracted per line rate during the life of the contract. Nonrecurring charges for the growth lines shall be at prevailing tariff rates. Pacific indicates that the revenue impact for the first year of the contract is estimated at an increase of \$76,344.

PROTESTS

No protests were filed on Pacific's Advice Letter No. 15880.

DISCUSSION

In reviewing Advice Letter No. 15880, we note the following:

- a. The contract contains the necessary language and conditions its approval upon Commission authorization.
- b. The Advice Letter and the contract are public documents.
- c. Pacific requests in the Advice Letter that the workpapers and supporting cost documentation associated with the contract be treated as confidential.
- d. Pacific has offered the parties to the Phase I Settlement in I.87-11-023 the opportunity to receive and review the workpapers and supporting documentation associated with the contract, if such a party (except the Division of Ratepayer Advocates) first enters into a protective agreement.
- e. The contract provides for the offering of Centrex service which is an appropriate service for offering under a contractual agreement.
- f. The rates and charges set forth in the contract cover the direct embedded cost of providing Centrex service to Burbank.
- g. The monthly rate per line, excluding nonrecurring charges, for Centrex service under the terms of the Burbank contract is greater than the sum of the present one-party business measured service rate and the multi-line End User Common Line charge per month per line (1MB+EUCL).

February 21, 1991

- h. The Advice Letter indicates that the costs and revenues associated with the Burbank contract will be tracked.
- i. A contract is required for Burbank because the customer requires a fixed price contract that is competitive with PBX alternatives that would meet their needs; this requirement cannot be met by the Centrex service available under Pacific's present tariff.
- j. Pacific has offered to provide the customer deaveraged PBX trunk rates under contract, at rates determined by the same methodology used in the customer specific contract for Centrex service.

With the foregoing, it is established that Advice Letter No. 15880 meets the requirements set forth in the previously mentioned Commission orders and G.O. 96-A, and should therefore be approved. The approval is based on the specifics of the Advice Letter and the associated Contract and does not establish a precedent for the contents or for Commission approval of similar requests.

FINDINGS

1. Pacific Bell filed Advice Letter No. 15880 on January 29, 1991 requesting Commission authorization to provide new Centrex service to Burbank under a customer specific contract.
2. The Advice Letter and the contract conforms to the requirements of D.88-09-059, D.91-01-018, Resolution Nos. T-13069 and T-13091, and G.O. No. 96-A.
3. Authorization of the Burbank contract will result in an estimated increase in Pacific's annual revenue of \$76,344 for the first year of the contract.
4. Commission authorization of the Advice Letter and the Burbank contract does not establish a precedent for the contents of the filing, or for Commission approval of similar requests. Commission approval is based on the specifics of the Burbank contract.
5. The rates, charges, terms and conditions of the Centrex contractual service authorized in this Resolution are just and reasonable.

February 21, 1991

THEREFORE, IT IS ORDERED that:

1. Authority is granted to make Advice Letter No. 15880 and the contract between Pacific and the City of Burbank effective on February 22, 1991.

2. The Advice Letter, tariff sheets, and contract referred to herein shall be marked to show that they were authorized under Resolution of the Public Utilities Commission of the State of California No. T-14312.

The effective date of this Resolution is today.
