RESOLUTION T-14321. SACRAMENTO-VALLEY LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE SACRAMENTO METROPOLITAN STATISTICAL AREA.

BY ADVICE LETTER NO. 50, FILED ON JANUARY 16, 1991.

SUMMARY

SACRAMENTO-VALLEY LIMITED PARTNERSHIP (SVLP), by Advice Letter No. 50, filed on January 16, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Sacramento Metropolitan Statistical Area. This Resolution authorizes the construction of the new cell site, known as the Natomas site, located at 4390 Del Paso Road, Sacramento, CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 50 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The new Natomas site represents an additional cellular radiotelephone facility not described in D.85-05-041, granting SVLP a certificate of public convenience and necessity.

SVLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the County of Sacramento, the Federal Aviation, and the Federal Communications Commission.

Effective March 6, 1991

The Natomas site will become part of SVLP's cellular system serving the Sacramento Metropolitan Statistical Area.
