SUMMARY

SALINAS CELLULAR TELEPHONE COMPANY (SALINAS CELLULAR), by Advice Letter No. 16, filed on February 13, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Salinas-Seaside-Monterey Cellular Geographic Service Area. This Resolution authorizes the construction of the new cell site, known as the Greenfield site, located Northeast of the City of Greenfield, off Topo Road, which is off Metz Road, at the Ralin Broadcasting FM Tower. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 16 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Greenfield site represents an additional cellular radiotelephone facility not described in D.89-03-019, granting SALINAS CELLULAR a certificate of public convenience and necessity.

The proposed construction will be located Northeast of the City of Greenfield, off Topo Road, which is off Metz Road, at the Ralin Broadcasting FM Tower and is known as the Greenfield site. It will consist of eight sectorized antennas and two microwave dishes installed on the existing 279 foot tower and a wood stud and fiberglass modular equipment building approximately 336 square feet and ten feet tall.

The Greenfield site will become part of SALINAS CELLULAR's cellular system serving the Salinas-Seaside-Monterey Cellular Geographic Service Area.
