BY ADVICE LETTER NO. 40, FILED ON MARCH 28, 1991.

SUMMARY

U S WEST CELLULAR OF CALIFORNIA, INC. (U S WEST), by Advice Letter No. 40, filed on March 28, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the San Diego Cellular Geographic Service Area. This Resolution authorizes the construction of the cell site, known as the Monument Peak site, located at 10965 Sunrise Highway, Mount Laguna, CA 92036. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 40 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Monument Peak site represents an additional cellular radiotelephone facility not described in D.85-12-023, granting U S WEST a certificate of public convenience and necessity.

The Monument Peak site will become part of U S WEST's cellular system serving the San Diego Cellular Geographic Service Area.
