R E S O L U T I O N

RESOLUTION T-14455. LOS ANGELES CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A TEMPORARY CELL SITE IN THE LOS ANGELES CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER No. 111, FILED ON APRIL 12, 1991.

---

SUMMARY

Los Angeles Cellular Telephone Company (LACTC), by Advice Letter No. 111, filed on April 12, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new temporary cellular radiotelephone cell site to its existing cellular system serving the Los Angeles Cellular Geographic Service Area. This Resolution authorizes the construction of the temporary cell site, known as the LACTC Cellular Site No. 257, located at 29101 Hospital Road, Lake Arrowhead, CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 111 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The LACTC Cellular Site No. 257 represents an additional cellular radiotelephone facility not described in D.84-06-110, granting LACTC a certificate of public convenience and necessity.

Resolution T-14455  
Effective May 13, 1991 through March 31, 1992  
LACTC/A.L. No. 111/GMD

LACTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the County of San Bernardino, the Federal Aviation Administration, and the Federal Communications Commission.

The Public Works Agency of the County of San Bernardino issued a temporary use permit (CUP Index Number: CATS-06978CF1) which approves the temporary cell site subject to certain conditions for a period which expires March 31, 1992. This resolution approves the installation of the temporary cell site under the same terms and conditions as the temporary use permit issued by the County of San Bernardino. Establishment of any permanent structures shall be subject to further review by the County of San Bernardino and will also require LACTC to file an Advice Letter with the California Public Utilities Commission in accordance with the provisions of G.O. 159

The proposed construction will be located at 29101 Hospital Road, Lake Arrowhead, CA and is known as the LACTC Cellular Site No. 257. It will consist of the construction, maintenance, and use of a temporary cellular radiotelephone installation which includes a 198-square foot equipment shelter with an antenna and pole which will not exceed a height of 35 feet.

The LACTC Cellular Site No. 257 will become part of LACTC's cellular system serving the Los Angeles Cellular Geographic Service Area.

#### NOTICE

Public notice that Los Angeles Cellular Telephone Company filed Advice Letter No. 111 requesting authority to construct the LACTC Cellular Site No. 257 appeared in the California Public Utilities Commission's April 17, 1991 Daily Calendar. In addition, copies of LACTC's Advice Letter No. 111 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
