R E S O L U T I O N

RESOLUTION T-14514. LOS ANGELES SMSA LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF FIVE CELL SITES IN THE LOS ANGELES METROPOLITAN AREA.

BY ADVICE LETTER NO. 106, FILED ON JUNE 13, 1991.

SUMMARY

LOS ANGELES SMSA LIMITED PARTNERSHIP (LASLP), by Advice Letter No. 106, filed on June 13, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add five cellular radiotelephone cell sites to its existing cellular system serving the Los Angeles Metropolitan Area. This Resolution authorizes the construction of five cell sites, known as the San Pedro 2, Inglewood, Temescal Canyon, Crown Valley, and Alton sites, located at 222 West 6th Street, Los Angeles, 3738 West Century Boulevard, Inglewood, 2440 Hacienda, Riverside County, 30092 Ivy Glen Drive, Laguna Niguel, and 1936 Deere Avenue, Santa Ana, respectively. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 106 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The five sites, San Pedro 2, Inglewood, Temescal Canyon, Crown Valley, and Alton, represent additional cellular radiotelephone facilities not described in D.84-04-014, granting LASLP a certificate of public convenience and necessity.

LASLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the Cities of Los Angeles, Inglewood, Laguna Niguel, and Santa Ana, the County of Riverside, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction for the five cell sites will be located at 222 West 6th Street, Los Angeles, 3738 West Century Boulevard, Inglewood, 2440 Hacienda, Riverside County, 30092 Ivy Glen Drive, Laguna Niguel, and 1936 Deere Avenue, Santa Ana and are known as the San Pedro 2, Inglewood, Temescal Canyon, Crown Valley, and Alton sites respectively. The San Pedro 2 site will consist of antennas attached to the parapet of an existing building and an equipment shelter on the roof of that building. The Inglewood site will consist of antennas attached to a 60-foot monopole and an equipment shelter. The Temescal Canyon site will consist of antennas attached to a 150-foot monopole and an equipment shelter. The Crown Valley site will consist of antennas attached to the penthouse of an existing building and an equipment shelter on the second floor of that building. Finally, the Alton site will consist of antennas attached to the penthouse of an existing building and an equipment shelter on the second floor of that building.

The five cell sites, San Pedro 2, Inglewood, Temescal Canyon, Crown Valley, and Alton, will become part of LASLP's cellular system serving the Los Angeles Metropolitan Area.

NOTICE

Public notice that LOS ANGELES SMSA LIMITED PARTNERSHIP filed Advice Letter No. 106 requesting authority to construct five cell sites, San Pedro 2, Inglewood, Temescal Canyon, Crown Valley, and Alton appeared in the California Public Utilities Commission's June 17, 1991 Daily Calendar. In addition, copies of LASLP's Advice Letter No. 106 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
