R E S O L U T I O N

RESOLUTION T-14527. PACTEL CELLULAR. EXECUTIVE ORDER
AUTHORIZING THE ADDITION OF A CELL SITE IN THE SAN DIEGO
METROPOLITAN AREA.

BY ADVICE LETTER NO. 61, FILED ON MAY 29, 1991.

SUMMARY

PACTEL CELLULAR (PacTel), by Advice Letter No. 61, filed on May 29, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the San Diego Metropolitan Area. This Resolution authorizes the construction of the cell site, known as the White Star site, located at 1676 Tierra Del Sol Road, San Diego, CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

Resolution T-14527
Effective July 1, 1991
PacTel/A.L. No. 61/JGB

DISCUSSION

Advice Letter No. 61 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The White Star site represents an additional cellular radiotelephone facility not described in D.85-04-023, granting PacTel a certificate of public convenience and necessity.

PacTel has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the County of San Diego, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 1676 Tierra Del Sol Road, San Diego, CA and is known as the White Star site. It will consist of microwave and cellular antennas mounted to a 100-foot antenna support structure and an equipment shelter.

The White Star site will become part of PacTel's cellular system serving the San Diego Metropolitan Area.
