RESOLUTION T-14544  
Date: August 1, 1991

R E S O L U T I O N

RESOLUTION T-14544. CELLULAR PACIFIC. EXECUTIVE ORDER  
AUTHORIZING THE ADDITION OF A CELL SITE IN THE  
SACRAMENTO METROPOLITAN STATISTICAL AREA.

BY ADVICE LETTER NO. 6, FILED ON JULY 1, 1991.

---

SUMMARY

CELLULAR PACIFIC (CP), by Advice Letter No. 6, filed on July 1, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Sacramento Metropolitan Statistical Area. This Resolution authorizes the construction of the cell site, known as the Placerville site, located at 3501 Airport Blvd., Placerville. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 6 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Placerville site represents an additional cellular radiotelephone facility not described in D.90-11-064, granting CP a certificate of public convenience and necessity.

CP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the

proposed construction (with the exception of the California Public Utilities Commission); County of El Dorado, Federal Aviation Administration, Federal Communications Commission.

The proposed construction will be located at 3501 Airport Blvd., Placerville and is known as the Placerville site. It will consist of a 10' x 20' x 10' concrete and steel building containing cellular radiotelephone equipment. Four cellular antennas will be installed on an existing 50' lattice tower.

The Placerville site will become part of CP's cellular system serving the Sacramento Metropolitan Statistical Area.

#### NOTICE

Public notice that CELLULAR PACIFIC filed Advice Letter No. 6 requesting authority to construct the Placerville site appeared in the California Public Utilities Commission's July 3, 1991 Daily Calendar. In addition, copies of CP's Advice Letter No. 6 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
