BY ADVICE LETTER NO. 52, FILED ON JULY 23, 1991.

SUMMARY

US WEST CELLULAR OF CALIFORNIA, INC. (US WEST), by Advice Letter No. 52, filed on July 23, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the SAN DIEGO CELLULAR GEOGRAPHIC SERVICE AREA. This Resolution authorizes the construction of the cell site, known as Brown Field, located at 1201 Sanyo Avenue, San Diego CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 52 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

Brown Field represents an additional cellular radiotelephone facility not described in D.85-12-023, granting US WEST a certificate of public convenience and necessity.

US WEST has obtained permits or approvals from the following governmental entities and asserts that these entities comprise

all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission); the City of San Diego and the Federal Aviation Administration.

The proposed construction will be located at 1201 Sanyo Avenue, San Diego CA and is known as Brown Field. It will consist of a 12' by 30' prefabricated building with antennas mounted on an existing 110' tower.

The Brown Field site will become part of US WEST's cellular system serving the SAN DIEGO CELLULAR GEOGRAPHIC SERVICE AREA.
