RESOLUTION T-14573
Date: August 29, 1991

R E S O L U T I O N

RESOLUTION T-14573. BAY AREA CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE SAN FRANCISCO/SAN JOSE CELLULAR GEOGRAPHIC SERVICE AREAS.

BY ADVICE LETTER NO. 98, FILED ON JULY 29, 1991.

SUMMARY

BAY AREA CELLULAR TELEPHONE COMPANY (BACTC), by Advice Letter No. 98, filed on JULY 29, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas. This Resolution authorizes the construction of the cell site, known as the Nob Hill site, located at 1200 Post Street, San Francisco CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 98 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Nob Hill site represents an additional cellular radiotelephone facility not described in D.86-05-010, granting BACTC a certificate of public convenience and necessity.

BACTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise

all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission); the Federal Communications Commission, and the City and County of San Francisco.

The proposed construction will be located at 1200 Post Street, San Francisco CA and is known as the Nob Hill site. It will consist of nine panel type antennas that will be mounted on a roof parapet and a 400 square foot equipment shelter that will be constructed in storage space of an existing office building.

The Nob Hill site will become part of BACTC's cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas.

NOTICE

Public notice that BAY AREA CELLULAR TELEPHONE COMPANY filed Advice Letter No. 98 requesting authority to construct the Nob Hill site appeared in the California Public Utilities Commission's July 31, 1991 Daily Calendar. In addition, copies of BACTC's Advice Letter No. 98 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

PROTESTS

No protests have been received to BACTC's Advice Letter No. 98.

FINDINGS
