R E S O L U T I O N

RESOLUTION T-14581. BAY AREA CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE SAN FRANCISCO/SAN JOSE CELLULAR GEOGRAPHIC SERVICE AREAS.

BY ADVICE LETTER NO. 99, FILED ON AUGUST 2, 1991.

SUMMARY

BAY AREA CELLULAR TELEPHONE COMPANY (BACTC), by Advice Letter No. 99, filed on AUGUST 2, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas. This Resolution authorizes the construction of the cell site, known as the S.F. Japantown site, located at 1881 Post Street, San Francisco. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 99 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The S.F. Japantown site represents an additional cellular radiotelephone facility not described in D.86-05-010, granting BACTC a certificate of public convenience and necessity.

It will consist of a 320 square foot equipment shelter within a storage area of an existing building and 3 antennas mounted on the building parapet extending 6 to 8 feet above the parapet.

The S.F. Japantown site will become part of BACTC's cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas.
