R E S O L U T I O N

RESOLUTION T-14585. STOCKTON CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE MODESTO METROPOLITAN STATISTICAL AREA

BY ADVICE LETTER NO. 43, FILED ON AUGUST 7, 1991.

SUMMARY

STOCKTON CELLULAR TELEPHONE COMPANY (SKCTC), by Advice Letter No. 43, filed on AUGUST 7, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Modesto Metropolitan Statistical Area. This Resolution authorizes the construction of the cell site, known as the Keyes site, located at 4218 Keyes Rd., Keyes CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 43 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Keyes site represents an additional cellular radiotelephone facility not described in D.87-11-061, granting SKCTC a certificate of public convenience and necessity.

SKCTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the

proposed construction (with the exception of the California Public Utilities Commission); the County of Stanislaus, the Federal Communications Commission, and the Federal Aviation Administration.

The proposed construction will be located at 4218 Keyes Rd., Keyes CA and is known as the Keyes site. It will consist of a 12 x 28 foot concrete and steel modular building, a 150 foot monopole equipped with FAA lighting, 12 cellular antennas, an emergency generator, a DC power plant, and radio equipment.

The Keyes site will become part of SKCTC's cellular system serving the Modesto Metropolitan Statistical Area.

NOTICE

Public notice that STOCKTON CELLULAR TELEPHONE COMPANY filed Advice Letter No. 43 requesting authority to construct the Keyes site appeared in the California Public Utilities Commission's August 9, 1991 Daily Calendar. In addition, copies of SKCTC's Advice Letter No. 43 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
