RESOLUTION T-14603  
Date: September 12, 1991

R E S O L U T I O N

RESOLUTION T-14603. LOS ANGELES CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE LOS ANGELES CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER NO. 160, FILED ON August 12, 1991.

---

SUMMARY

LOS ANGELES CELLULAR TELEPHONE COMPANY (LACTC), by Advice Letter No. 160, filed on August 12, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Los Angeles Cellular Geographic Service Area. This Resolution authorizes the construction of the cell site, known as the Los Angeles Cellular Site No. 292, located at 275 South Prospectors Road, Diamond Bar, California. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 160 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Los Angeles Cellular Site No. 292 represents an additional cellular radiotelephone facility not described in Decision 84-06-110, granting LACTC a certificate of public convenience and necessity.

Resolution T-14603  
Effective September 12, 1991  
LACTC/A.L. No. 160/WSM

LACTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the Federal Aviation Administration, the Federal Communications Commission, and the City of Diamond Bar.

The proposed construction will be located at 275 South Prospectors Road, Diamond Bar, California and is known as the Los Angeles Cellular Site No. 292. It will consist of an existing 360 square foot, 18.7 foot high, two-story steel and concrete shelter housing repeater equipment with an associated pale blue 60-foot monopole antenna structure having mounted at its top one set of 4 Antel type antennas.

The Los Angeles Cellular Site No. 292 will become part of LACTC's cellular system serving the Los Angeles Cellular Geographic Service Area.

#### NOTICE

Public notice that LOS ANGELES CELLULAR TELEPHONE COMPANY filed Advice Letter No. 160 requesting authority to construct the Los Angeles Cellular Site No. 292 appeared in the California Public Utilities Commission's August 16, 1991 Daily Calendar. In addition, copies of LACTC's Advice Letter No. 160 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

#### PROTESTS

No protests have been received to LACTC's Advice Letter No. 160.
