BY ADVICE LETTER NO. 2, FILED ON SEPTEMBER 5, 1991.

SUMMARY

CALIFORNIA 2 CELLULAR CORPORATION (CALIFORNIA 2), by Advice Letter No. 2, filed on September 5, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Rural Service Area 2 (Market No. 0337). This Resolution authorizes the construction of the cell site, known as the Downtown Susanville cell site, located at 2011 Main Street, Susanville, California, 96130. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 2 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Downtown Susanville cell site represents an additional cellular radiotelephone facility not described in Decision 91-04-058, granting CALIFORNIA 2 a certificate of public convenience and necessity.

Resolution T-14633  
Effective October 28, 1991

CALIFORNIA 2 has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the Federal Aviation Administration, the Federal Communications Commission, and the City of Susanville.

The proposed construction will be located at 2011 Main Street, Susanville, California, 96130 and is known as the Downtown Susanville cell site. It will consist of cellular equipment mounted on an existing antenna support structure.

The Downtown Susanville cell site will become part of CALIFORNIA 2's cellular system serving the Rural Service Area 2 (Market No. 0337).
