RESOLUTION T-14659
Date: November 4, 1991

R E S O L U T I O N

RESOLUTION T-14659. US WEST CELLULAR. EXECUTIVE ORDER
AUTHORIZING THE ADDITION OF A CELL SITE IN THE SAN DIEGO
CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER NO. 60, FILED ON OCTOBER 4, 1991.

SUMMARY

US WEST CELLULAR (US WEST), by Advice Letter No. 60, filed on October 4, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the San Diego Cellular Geographic Service Area. This Resolution authorizes the construction of the cell site, known as the El Camino Real site, located at 1 Barnard Drive, Oceanside, CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 60 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The El Camino Real site represents an additional cellular radiotelephone facility not described in Decision 85-12-023, granting US WEST a certificate of public convenience and necessity.

US WEST/A.L. No. 60/KBW

US WEST has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the Federal Aviation Administration, the Federal Communication Commission, and the City of Oceanside.

The proposed construction will be located at 1 Barnard Drive, Oceanside, CA and is known as the El Camino Real site. It will consist of a 50 foot monopole, a prefabricated equipment shelter, 4 cellular antennas, 2 parabolic link antennas, a DC power system, and radio equipment.

The El Camino Real site will become part of US WEST's cellular system serving the San Diego Cellular Geographic Service Area.

NOTICE

Public notice that US WEST CELLULAR filed Advice Letter No. 60 requesting authority to construct the El Camino Real site appeared in the California Public Utilities Commission's October 7, 1991 Daily Calendar. In addition, copies of US WEST's Advice Letter No. 60 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

PROTESTS

No protests have been received to US WEST's Advice Letter No. 60.
