Date: November 25, 1991

R E S O L U T I O N

RESOLUTION T-14694. SACRAMENTO VALLEY LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE SACRAMENTO CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER No. 69, FILED ON OCTOBER 23, 1991.

---

SUMMARY

SACRAMENTO VALLEY LIMITED PARTNERSHIP (SVLP), by Advice Letter No. 69, filed on October 23, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Sacramento Cellular Geographic Service Area. This Resolution authorizes the construction of the cell site, known as the El Dorado Hills cell site, located at 14751 White Rock Road, Folsom, California 95630. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 69 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The El Dorado Hills cell site represents an additional cellular radiotelephone facility not described in Decision 85-05-041, granting SVLP a certificate of public convenience and necessity.

Resolution T-14694  
Effective November 25, 1991  
SVLP/A.L. No. 69/WSM

SVLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission); the Federal Aviation Administration, the Federal Communications Commission, and the County of Sacramento.

The proposed construction will be located at 14751 White Rock Road, Folsom, California 95630 and is known as the El Dorado Hills cell site. It will consist of a new 150 foot lattice tower, which will replace an existing 80 foot cellular transmission tower, nine cellular antennas, and seven microwave dishes.

The El Dorado Hills cell site will become part of SVLP's cellular system serving the Sacramento Cellular Geographic Service Area.

#### NOTICE

Public notice that SACRAMENTO VALLEY LIMITED PARTNERSHIP filed Advice Letter No. 69 requesting authority to construct the El Dorado Hills cell site appeared in the California Public Utilities Commission's October 25, 1991 Daily Calendar. In addition, copies of SVLP's Advice Letter No. 69 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
