RESOLUTION T-14730
Date: December 6, 1991

R E S O L U T I O N

RESOLUTION T-14730. LOS ANGELES SMSA LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF TWO NEW CELL SITES IN THE LOS ANGELES STANDARD METROPOLITAN STATISTICAL AREA.

BY ADVICE LETTER NO. 119, FILED ON NOVEMBER 6, 1991.

SUMMARY

LOS ANGELES SMSA LIMITED PARTNERSHIP (LASLP), by Advice Letter No. 119, filed on November 6, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add two new cellular radiotelephone cell sites to its existing cellular system serving the Los Angeles Standard Metropolitan Statistical Area. This Resolution authorizes the construction of two new cell sites, known as the KFI and Boyle Heights sites, located at 14670 Firestone Blvd., La Mirada, CA and 405 North Mission Rd., Los Angeles, CA, respectively. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (Decision 90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 119 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The 2 new sites, KFI and Boyle Heights, represent additional cellular radiotelephone facilities not described in Decision 87-04-014, granting LASLP a certificate of public convenience and necessity.

Resolution T-14730
Effective Date. December 6, 1991
LASLP/A.L. No. 119/GLH

LASLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): Federal Aviation Administration, Federal Communications Commission, KFI: City of La Mirada, Boyle Heights: City of Los Angeles.

The proposed construction for the 2 new cell sites will be located as follows: KFI: 14670 Firestone Blvd., La Mirada, CA; Boyle Heights: 405 North Mission Rd., Los Angeles, CA; these are known as the KFI and Boyle Heights sites, respectively. The sites will consist for KFI of a 63 foot monopole supporting three faces of cellular antennas and two microwave antennas. Associated radiotelephone equipment housed in a 600 sq-ft. space in an existing building. For Boyle Heights, the same monopole and antenna design will be used but with equipment housed in a free standing 12' x 28' building.

The 2 new cell sites, KFI and Boyle Heights, will become part of LASLP's cellular system serving the Los Angeles Standard Metropolitan Statistical Area.

NOTICE

Public notice that LOS ANGELES SMSA LIMITED PARTNERSHIP filed Advice Letter No. 119 requesting authority to construct 2 new cell sites, KFI and Boyle Heights, appeared in the California Public Utilities Commission's November 12, 1991 Daily Calendar. In addition, copies of LASLP's Advice Letter No. 119 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

PROTESTS

No protests have been filed on LASLP's Advice Letter No. 119.
