BY ADVICE LETTER NO. 71, FILED ON NOVEMBER 7, 1991.

---

SUMMARY

SACRAMENTO-VALLEY LIMITED PARTNERSHIP (SVLP), by Advice Letter No. 71, filed on November 7, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the greater Sacramento-Valley metropolitan area. This Resolution authorizes the construction of the cell site, known as the Riego site, located at 7310 Pacific Ave., Pleasant Grove, CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 71 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Riego site represents an additional cellular radiotelephone facility not described in Decision 85-04-023, granting SVLP a certificate of public convenience and necessity.

The proposed construction will be located at 7310 Pacific Ave., Pleasant Grove, CA and is known as the Riego site. It will consist of a 120' free standing monopole supporting thirteen cellular antennas and a microwave dish and a 12' x 28' building housing cellular radiotelephone equipment.

The Riego site will become part of SVLP's cellular system serving the greater Sacramento-Valley metropolitan area.
