R E S O L U T I O N

RESOLUTION T-14740. BAY AREA CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE SAN FRANCISCO/OAKLAND/SAN JOSE CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER NO. 122, FILED ON NOVEMBER 13, 1991.

SUMMARY

BAY AREA CELLULAR TELEPHONE COMPANY (BACTC), by Advice Letter No. 122, filed on November 13, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the San Francisco/Oakland/San Jose Cellular Geographic Service Area. This Resolution authorizes the construction of the cell site, known as the Sun Valley Mall site, located at 2300 Contra Costa Boulevard, Pleasant Hill, California 94523. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 122 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Sun Valley Mall site represents an additional cellular radiotelephone facility not described in Decision 86-05-010, granting BACTC a certificate of public convenience and necessity.

Resolution T-14740
Effective December 13, 1991
BACTC/A.L. No. 122/WSM

BACTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the Federal Aviation Administration, the Federal Communications Commission, and the City of Pleasant Hill.

The proposed construction will be located at 2300 Contra Costa Boulevard, Pleasant Hill, California 94523 and is known as the Sun Valley Mall site. It will consist of an approximately 182 square feet equipment room in an existing seven story office building. Nine panel type antennas will be mounted on an existing heating, ventilating and air conditioning (HVAC) screen also located on the roof. The antennas will be placed in groups of three on the north, east and west sides of the building. Power will be supplied to the equipment room from an existing switchboard located in the basement of the building through approximately 490 feet of service feeder.

The Sun Valley Mall site will become part of BACTC's cellular system serving the San Francisco/Oakland/San Jose Cellular Geographic Service Area.

NOTICE

In addition, copies of BACTC's Advice Letter No. 122 were mailed in accordance with the Commission's General Order No. 96-A, Section III.
