RESOLUTION T-14754. SALINAS CELLULAR TELEPHONE COMPANY.
EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE
IN THE SALINAS-SEASIDE-MONTEREY CELLULAR GEOGRAPHIC
SERVICE AREA.

BY ADVICE LETTER NO. 31, FILED ON NOVEMBER 20, 1991.

SUMMARY

SALINAS CELLULAR TELEPHONE COMPANY (Salinas Cellular), by Advice Letter No. 31, filed on November 20, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Salinas-Seaside-Monterey Cellular Geographic Service Area. This Resolution authorizes the construction of the cell site, known as the Pacific Grove site, located at 542 Lighthouse Avenue, Pacific Grove, California 93950. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 31 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Pacific Grove site represents an additional cellular radiotelephone facility not described in Decision 88-07-064, granting Salinas Cellular a certificate of public convenience and necessity.

Resolution T-14754
Effective December 20, 1991
Salinas Cellular/A.L. No. 31/WSM

Salinas Cellular has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the Federal Aviation Administration, the Federal Communications Commission, and the City of Pacific Grove.

The proposed construction will be located at 542 Lighthouse Avenue, Pacific Grove, California 93950 and is known as the Pacific Grove site. It will consist of nine cellular panel antennas which will be mounted on an existing rooftop, along with radio transmitting/receiving equipment, and a DC power plant. Salinas Cellular will place its radio equipment on the first floor of an existing building located at the site. The site is zoned C-1 (Commercial) and is accessible by an existing paved road.

The Pacific Grove site will become part of Salinas Cellular's cellular system serving the Salinas-Seaside-Monterey Cellular Geographic Service Area.
