RESOLUTION T-14780. SACRAMENTO-VALLEY LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE SACRAMENTO-VALLEY METROPOLITAN AREA.

BY ADVICE LETTER NO. 75, FILED ON NOVEMBER 21, 1991.

SUMMARY

SACRAMENTO-VALLEY LIMITED PARTNERSHIP (SVLP), by Advice Letter No. 75, filed on November 21, 1991, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Sacramento-Valley Metropolitan Area. This Resolution authorizes the construction of the cell site, known as the South Sacramento site, located at 1415 47th Avenue, Sacramento, CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 75 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The South Sacramento site represents an additional cellular radiotelephone facility not described in Decision 85-05-041, granting SVLP a certificate of public convenience and necessity.

The South Sacramento site will become part of SVLP's cellular system serving the Sacramento-Valley Metropolitan Area.
