RESOLUTION T-14882. SACRAMENTO-VALLEY LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE IN THE SACRAMENTO METROPOLITAN STATISTICAL AREA.

BY ADVICE LETTER NO. 80, FILED ON FEBRUARY 18, 1992.

SUMMARY

SACRAMENTO-VALLEY LIMITED PARTNERSHIP (SVLP), by Advice Letter No. 80, filed on February 18, 1992, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Sacramento Metropolitan Statistical Area. This Resolution authorizes the construction of the cell site, known as the Penryn site, located at 3350 Sugarloaf Mountain Road, Loomis, CA 95650. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159, a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 80 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Penryn site represents an additional cellular radiotelephone facility not described in Decision 85-05-041, granting SVLP a certificate of public convenience and necessity.

Resolution T-14882
Effective March 18, 1992
SLVP/A.L. No. 80/JGB

SVLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the County of Placer, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 3350 Sugarloaf Mountain Road, Loomis, CA 95650, and is known as the Penryn site. It will consist of an equipment shelter and two antennas mounted on a 50-foot free standing monopole.

The Penryn site will become part of SVLP's cellular system serving the Sacramento Metropolitan Statistical Area.

NOTICE
