Date: April 3, 1992

R E S O L U T I O N

RESOLUTION T-14896. CAGAL COMMUNICATIONS CORPORATION.  
EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A CELL SITE  
IN THE SANTA ROSA CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER NO. 37, FILED ON MARCH 3, 1992.

---

SUMMARY

CAGAL COMMUNICATIONS CORPORATION (Cagal), by Advice Letter No. 37, filed on March 3, 1992, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a cellular radiotelephone cell site to its existing cellular system serving the Santa Rosa Cellular Geographic Service Area. This Resolution authorizes the construction of the cell site, known as the Valley of the Moon site, located at 1550 Los Alamos Road, Santa Rosa, CA. No protests to this Advice Letter have been received.

BACKGROUND

Under G.O. 159, a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in the decision granting the certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 37 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

The Valley of the Moon site represents an additional cellular radiotelephone facility not described in Decision 88-12-088, granting Cagal a certificate of public convenience and necessity.

Resolution T-14896  
Effective April 3, 1992  
Cagal/A.L.No. 37/JGB

Cagal has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the County of Sonoma, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 1550 Los Alamos Road, Santa Rosa, CA, and is known as the Valley of the Moon site. It will consist of an equipment shelter and eight cellular antennas mounted on a 50-foot wooden utility pole.

The Valley of the Moon site will become part of Cagal's cellular system serving the Santa Rosa Cellular Geographic Service Area.

#### NOTICE

Public notice that CAGAL COMMUNICATIONS CORPORATION filed Advice Letter No. 37 requesting authority to construct the Valley of the Moon site appeared in the California Public Utilities Commission's March 6, 1992, Daily Calendar. In addition, copies of Cagal's Advice Letter No. 37 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
