

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
COMMISSION ADVISORY AND COMPLIANCE DIVISION RESOLUTION T-15737
Telecommunications Branch June 8, 1995

R E S O L U T I O N

RESOLUTION T-15737. REVOCATION OF THE CERTIFICATE OF
PUBLIC CONVENIENCE AND NECESSITY OF ADVANCED TELECOM
SYSTEMS, INC.

SUMMARY

This resolution revokes the Certificate of Public Convenience and Necessity of Advanced Telecom Systems, Inc. (U-5332-C) for failure to meet its obligations as a nondominant interexchange carrier (NDIEC). The authority to revoke the Certificate of Public Convenience and Necessity for this reason was granted in Decision 93-05-010, Ordering Paragraph 4.

BACKGROUND

Advanced Telecom Systems Inc. was granted its Certificate of Public Convenience and Necessity (CPCN) as an NDIEC in D.93-10-009, which was effective October 6, 1993. Its tariff was filed on November 16, 1993, and the tariff was made effective on November 17, 1993. The company apparently has no customers.

DISCUSSION

Our records show that Advanced Communication Technologies has failed to do the following:

1. File tariff updates on CPUC-mandated surcharges and other items since November 1993;
2. File User Fee (required by PU Code Sects. 431-435) since 1993;
3. File California Relay Service and communications devices fund fees with the Commission (required by PU Code Sect. 2881) since 1993;
4. File Universal Lifeline Telephone Service Fees (required by D.87-07-090) since 1993; and
5. File Annual Financial Reports (required by General Order 104-A) since 1993.

The Commission Advisory and Compliance Division (CACD) wrote a letter to the company dated April 10, 1995, which stated that the company was delinquent in the above obligations and the revocation process has been initiated. CACD also has attempted

June 8, 1995

to contact the company at its last known telephone number, through directory assistance in its last known location, and through its former tariff consultant; however, none of these attempts was fruitful.

FINDINGS

1. Advanced Telecom Systems Inc. has not paid the required fees and submitted the required reports, as detailed in the Discussion section.
2. D.93-05-010 directs the Commission Advisory and Compliance Division (CACD) to prepare a Resolution revoking a carrier's CPCN when it is at least 90 days late in fee payments.
3. Good faith efforts were made to contact the company by the CACD Telecommunications Branch.
4. It is reasonable to assume that Advanced Telecom Systems Inc. currently has no customers; therefore, no customers will be inconvenienced by the revocation of the company's certification.

THEREFORE, IT IS ORDERED that:

1. The Certificate of Public Convenience and Necessity previously granted to Advanced Telecom Systems Inc. is revoked.
2. The CPUC Corporate Identification Number U-5332-C is also cancelled and will not be reissued.
3. A copy of this resolution shall be placed in the Commission's formal file for Application No. 93-06-020.

The effective date of this Resolution is today.

I hereby certify that this Resolution was adopted by the Public Utilities Commission at its regular meeting on June 8, 1995. The following Commissioners approved it:

NEAL J. SHULMAN
Executive Director

DANIEL Wm. FESSLER
President
P. GREGORY CONLON
JESSIE J. KNIGHT, Jr.
