COMMISSION ADVISORY AND COMPLIANCE DIVISION RESOLUTION T-15867
Telecommunications Branch June 6, 1996

R E S O L U T I O N

RESOLUTION T-15867. PACIFIC BELL. REQUEST TO PROVIDE DS3 HIGH CAPACITY DIGITAL SERVICE FOR A CUSTOMER (IDENTITY CONFIDENTIAL) UNDER A CUSTOMER-SPECIFIC CONTRACT.

BY ADVICE LETTER NO. 18102 FILED MARCH 5, 1996.

SUMMARY

Pacific Bell (Pacific) requests authority under provisions of General Order No. 96-A (G.O. 96-A) and Decision Nos. (D.) 88-09-059 and 94-09-065 to deviate from filed tariff schedule in order to provide DS3 service for a customer (identity confidential) under a customer-specific contract.

Pacific also requests that future contract modifications that do not materially change the service offering become effective upon Commission Advisory and Compliance Division (CACD) approval.

This Resolution authorizes Pacific's request. Pacific estimates that the first year annual revenue impact of this filing will be a decrease of \$167,256. No protest to the Advice Letter was filed.

BACKGROUND

In D.88-09-059 the Commission adopted a modified Phase I Settlement. Under the provisions of the Settlement, the Local Exchange Companies (LECs) are allowed to provide DS3 service under contract. The Settlement provides that the contract becomes effective upon authorization by the Commission.

The process and requirements for filing of advice letters to request authorization of customer-specific contracts are set forth in Appendix A of D.88-09-059. Additional specifications for advice letter filings requesting authorization to provide service under contract are provided in D.89-10-031.

D.90-04-031 requires that special contracts comply with the principles of imputation, unbundling, and nondiscriminatory access adopted in D.89-10-031 and that prices for monopoly utility services will be based on their underlying costs. The Commission by D.94-09-065 clarified these principles and adopted other changes to the contracting requirements. The proposed contract complies with the contracting requirements.

Pacific filed Supplement A to AL 18102 on March 13, 1996 to make a minor correction.

DS3 service provides digital transmission of isochronous serial data at 44.7 megabits per second. DS3 service is provisioned with fiber optics, and is compatible with C-Bit parity allowing for the use of the entire bandwidth of a DS3 facility.

Under the terms of the seven year contract, Pacific agrees to provide 20 DS3 Subscriber Access Lines at a monthly rate of \$43,010. Recurring and nonrecurring charges for additional circuits are per contract.

Pacific estimates that the first year annual revenue impact of this filing will be a decrease of \$167,256.

NOTICE/PROTESTS

Pacific states that a copy of the Advice Letter and related tariff sheets was mailed to competing and adjacent utilities and/or other utilities and to the customer named in the contract. Advice Letter No. 18102 was listed in the Commission's Daily Calendar of March 8, 1996.

No protest to the Advice Letter was filed.

DISCUSSION

In reviewing Advice Letter No. 18102 as supplemented, CACD notes the following:

a. Pacific requests confidential treatment of workpapers and supporting documentation.

b. The customer requests that its identity be kept confidential and not be publicly disclosed. In D.94-09-065, the Commission permits utilities at the customer's request to file contract with the customer's name omitted in order to honor the customer's request for privacy.

c. Each service category offered under the terms of the contract covers its Long Run Incremental Costs (LRICs). The contract rates equal or exceed the LRICs of each rate element of the contract service.

d. The Advice Letter indicates that the costs and revenues associated with the contract will be tracked.

e. Pacific requests that contract modifications that do not materially change the service offering and are of a ministerial nature become effective upon CACD approval. The request is a reasonable one; however, we note that such non-material change advice letter requests can not become effective on less than the 40 day regular notice period required by G.O. 96-A. Also, the exceptions from "material change" are limited to the following: (a) modifications which do not result in a reduction of the revenue to cost ratio (R/C), (b) the inclusion of services from the same tariff schedule as the schedule which offers the original contract service, or (c) non-material changes that do not violate or change any other applicable Commission decisions and/or resolutions. Specifically, modifications that result in a decrease in the R/C, or changes in the price per line, are material changes and may be authorized only by Commission resolution.

CACD concludes that the Advice Letter as supplemented meets the requirements set forth in the previously mentioned Commission Orders and G.O. 96-A and recommends that the Commission approve this filing. Commission approval is based on the specifics of the Advice Letter and the associated contract and does not establish a precedent for the contents of future filings or for Commission approval of similar requests.

FINDINGS

1. Pacific filed Advice Letter No. 18102 as supplemented requesting Commission authorization to provide DS3 service under a customer-specific contract.
2. The Advice Letter and the contract conform to the requirements of Decision Nos. 88-09-059 and 94-09-065 and G.O. 96-A.
3. Pacific states that authorization of this contract will result in an estimated annual revenue decrease of \$167,256.
4. It is reasonable for contract modifications to become effective upon CACD approval but no sooner than the 40 day regular notice period required by G.O. 96-A and so long as they do not materially change the service offering, consistent with the definition of "material change", above.

June 6, 1996

5. Commission authorization of the Advice Letter and the contract does not establish a precedent for the contents of future filings or for Commission approval of similar requests. Commission approval is based on the specifics of the contract.

6. The rates, charges, terms and conditions of the contractual service approved in this Resolution are just and reasonable.

THEREFORE, IT IS ORDERED that:

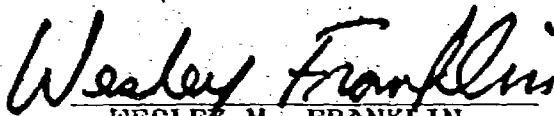

1. Authority is granted to make Pacific Bell's Advice Letter No. 18102 as supplemented and the contract effective on June 7, 1996.

2. Contract modifications that do not materially change the service offering may become effective on no less than the 40 day regular notice period required by G.O. 96-A and with Commission Advisory and Compliance Division approval.

3. The Advice Letter as supplemented and the contract shall be marked to show that they were authorized by Resolution T-15867.

The effective date of this Resolution is today.
