PURLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

WATER DIVISION Small Water Branch RESOLUTION W-4029 February 19, 1997

RESOLUTION

(RES. W-4029), LUCERUR VISTA WATER COMPANY (LVWC), ORDER AUTHORIZING LVWC TO BE EXEMPTED FROM COMMISSION JURISDICTION.

BY LETTER, FILED ON JANUARY 2, 1997

SUMMARY

This Resolution approves request that LMWC be exempted from Commission jurisdiction.

BACKGROUND

By letter to the Small Water Branch (Branch), dated December 27, 1996, Mr. Norman Nichols, the Secretary/Treasurer of the Lucerne Vista Mutual Water Company (LVMWC), a nonprofit mutual water benefit comporation, requested that the Commission delete LVWC from the list of regulated water utilities. This request was reviewed by Branch staff. Branch also reviewed the recent Legal Division opinion on the deregulation of Tahoe Keys Property Owners' Association and believes the same conditions apply.

Lucerne Vista Water Company, was certificated by Decision 53502, July 31, 1956. The last rate increase was authorized by Res. W-2508, dated May 8, 1979. It provided a \$1,428 or 37% increase in revenues for no rate of return. LVWC was abandoned by its owner Thomas Stavros, in July of 1995. In order to continue operation of the system and ensure reliable water supply, the customers assumed control of the system. On June 28, 1996, the articles of incorporation were amended to make Lucerne Valley Water Company a nonprofit mutual benefit corporation and such action was confirmed by the Office of the Secretary of State.

LYMWC serves some 50 property owners in the area of Lucerne Valley, San Bernardino County.

DISCUSSION

LMWC is a nonprofit mutual benefit corporation whose purpose is to own, repair, maintain, manage common areas, and to discharge other lawful duties pursuant to its Covenants, Conditions, and Restrictions. Although LMWC falls within the terms of Section 204 and as a corporation under Section 2701, Branch believes it is exempt from regulation pursuant to Section 2705, which states in part:

"Any corporation or association which is organized for the purposes of delivering water to its stockholders and members at cost, ...is not a public utility, and is not subject to the jurisdiction, control or regulation of the commission."

Resolution W-4029 LMWC/LETTER/ABJ/TFS:jlj

LVMVC delivers water only to its members who are owners of units in the Lucerne Vista development; and, since it is a non-profit corporation, delivers water at cost.

PROTESTS

The affected parties (the owner-customers) have held a shareholders meeting to propose this request, so further notice is unnecessary.

FINDINGS

THE COMMISSION FINDS, after investigation by the Small Water Branch and given the record available, that Lucerne Vista Mutual Water Company is an association owning and operating LVWC and that LVMWC is exempt from Commission regulation.

THEREFORE, IT IS ORDERED that:

- 1. Tariffs are cancelled.
- 2. Lucerne Vista Water Company should be classified as no longer regulated by the Commission.
- 3. This resolution is effective today.
