Subject: Jeanne Clinton as acting EE Planning Supervisor

Greetings
All~

Although you may have heard this informally, I wanted to let you all know that I have voluntarily stepped down from my position as supervisor of the EE Planning Section; this goes into effect January 1st, which is to say, today. I decided to do this as I wanted to spend more of my time working in greater depth on a smaller number of energy efficiency issues, rather than playing a supervisory role.

For the moment, my new assigned areas as analyst will be residential programs including the new residential prescriptive retrofit program and its linkages to AB811 municipal/ARRA-funded local government residential EE programs; ZNE residential programs and issues; EE goals (with Carmen Best); and GHG- EE - AB32 issues. In the interim until a new supervisor is found, Jeanne Clinton will serve as acting supervisor of the EE Planning Section (and continue her role as Climate Strategies Branch manager). Jeanne can be reached at cln@cpuc.ca.gov and 415-703-1159. Zeny Tapawan Conway and Natalie Walsh remain as supervisor and Branch manager of the EE EM&V section respectively. Please contact Jeanne or me if you have any questions.

Best
wishes for a Happy New Year.

Cathy
Fogel

Senior Analyst, Energy Efficiency Planning Section

Climate Strategies Branch,
Energy Division

California Public Utilities
Commission
