Hi there,

attached is a flyer from the California Department of Consumer Affairs (DCA). they along with some local govt people are holding a consumer protection workshop and asked that the CPUC participate. we will participate, of course. DCA also asked that we pass on the info to PG&E and ask to see if you are interested in participating. they have informed us that they will have an energy panel or something.

Rosalina will give us more information if you need it. Please let us know if PG&E will participate so that we pass on the information and also directly link DCA to you.

If I need to contact someone else at PG&E please let me know.

thanks,
marzia
