Thanks! I'm guessing we won't need them for at least a week or two.

Amy,

That would be great. I will track them down and send over.

Thanks,  
Meredith

Meredith,

I forgot to ask earlier - does PG&E have any photos of the Vaca Dixon PV facility? I'm thinking of doing a short write up on the IOU PV facilities that have reached operation for our next report to the legislature. We have a couple nice photos of the SCE Fontana project, but it would be nice to have PG&E's as well.

Amy
