Amy and Sean,

We received additional information that I have incorporated into the attached updated PDSR (**January  
\_2010\_RPS\_PDSR\_Confidential\_PGE\_v2.xls**).

The additional updates include:

**IAE Truckhaven (PG0506)** - Not in CAISO territory. Since they have dropped out this fall, they no longer have a position.

**Abengoa (PG0827)** - Queue position removed as this project is no longer under negotiation.

**BrightSource (PG0614C and PGO614F)** - queue numbers updated to 165, 240, and 241 (previously 166)

**Raser Olene (PG0812)** - contract term updated to 15 years (previously 20 years)

**Pacificorp (PG0720)** - contract term updated to 3 years (previously 3.5 years)

**World Waste Tech. Gonzales (PG0706)** - IOU contact person updated to Rich Miram (previously Charlie Post)

**SES Solar III (PG0511)** - contract term updated to 25 years (previously 20 years) and name of county added (Imperial Valley)

**EME PV-42 (PG0819)** - updated for new fields in Project Information Tab and Project Transmission Tab

**Big Creek (PG0819)** - updated for new fields in Project Information Tab and Project Transmission Tab

Please note that the Confidentiality Declaration and Confidentiality Matrix submitted with the original data request response yesterday still applies to this updated version.

ALSO,

The following is the list of counterparties who have not responded to our request for incorporation into this updated report or who did not receive a request.

- SES Solar III, LLC - waiting for response
- Western Renewable Power - Truckee Geothermal (combined) - waiting for response
- FPL Energy - Project Genesis - waiting for response
- PacifiCorp - waiting for response
- Raser Olene Geothermal 1 - waiting for response
- Solaren - letter sent, but transmission information not available
- BrightSource - letter sent, but counterparty did not provide information for certain fields (the grayed in cells in 1/1/2010 PDSR spreadsheet)
- World Waste Tech. Gonzales - e-mail never was sent by the Transactor
- Feed-in tariffs - no letters sent to counterparties as we did not report most fields for feed-in tariffs in the August 1 report, since we do not perform construction monitoring for these contracts.
- HFI Silvan - no letter sent, because the PPA was terminated
- No letters were sent to these projects because they were already operational at the time of the data request.
