Subject: RE: Meet re PGE AMI Semi-Annual Assessment

Jim:

So far, here are some topics suggested by attendees (no particular order):

- what is PGE's status on providing weekly reports on smart meter complaints.
- update on PGE's outreach plans, including CBOs., particularly for March.
- go thru a few recent monthly steering committee reports (DRA has some questions)
- summary (partial list is ok) of types of changes/improvements already made by PGE (since the "storm") in standard operating procedures (e.g. sample testing of incoming meters, if that is the case) related to deployment, customer interface, etc.

I am waiting for additional inputs. Please confirm the meeting time is ok. Thanks.

Alope - any discussion in particular that you want to have friday other than a walk through of the report?

Jim

Hi Jim, Sid:

After checking schedules, I can propose doing a meeting this Fri at 9:30 at CPUC. Let me know if that works for you. Thanks.
