Subject: operational status for Big Creek

David,

PG&E's advice letter for Big Creek (AL 3575-E) states a January 2010 expected commercial online. Please answer the following questions.

- 1/ Has the Big Creek facility achieved commercial operation?
- 2/ If Big Creek has achieved commercial operation, is PG&E taking deliveries from Big Creek and paying for the generation according to the terms and conditions set forth in the proposed PPA?
- 3/ If Big Creek has not achieved commercial operation, when does PG&E expect this to occur? Please include a date and/or any critical path milestones that must occur for Big Creek to achieve commercial operation.

Regards,
Sean
