Subject: RE: Approved Elec & Gas Hedging Plan

Hi Trina,

No, I was referring to a procurement limit methodology (See D.07-12-052, p. 172), which, if approved by Commission resolution of decision, would authorize PG&E to procure under 5 year contracts that end in years 6-10 of the approved procurement plan.

Hi Simon, yes we can get those out to you tomorrow.

On the advice letter, are you referring to hedging limit methodology?

Trina

Subject: Approved Elec & Gas Hedging Plan

Hi
Trina,

Confidential
Appendix B (Elec & Gas Hedging Plan) is missing from my copy of PG&E's approved conformed 2006 LTPP. Can you please send me a bound copy and an electronic copy? Thanks!

Also, can you please provide me an update about whether PG&E has worked out an approved procurement limit methodology with the PRG and ED and submitted by advice letter pursuant to D.0712-052? Thanks!

Finally, can you please send four clean confidential bound copies of PG&E's approved 2006 LTPP complete with all appendices? I need them for new LTPP staffers. Thanks!
