Subject: FW: Response to Overdue CPUC Data Requests

Julie - FYI. Please have Bruce keep Sid informed if you run into any future problems. My apologies again. I think the way this was handled egregiously by us.

Subject: Response to Overdue CPUC Data Requests

All:

Just a status update.

The SmartMeter PMO data request team is working to respond to the two overdue data requests sent to Brian by Julie Fitch. The two specific requests referenced in Julie's e-mail will be sent over to the CPUC this evening. I have also asked for a report and timeline on any additional historic CPUC data requests that are outstanding. They will be prioritized and responded to as soon as possible within the next couple of days.
