QUESTION 5

With regard to CP Resurvey, PG&E states, in response to DRA-58, Q. 6, that CPAs should be resurveyed every 6 years.

- a. How often are CPAs actually resurveyed according to current practices?
- b. When did the 6-year cycle begin?

ANSWER 5

PG&E assumes DRA intended to cite the response to DRA DR 58, Question 7 (not Question 6), which explains that CPAs should be resurveyed every 6 years.

- a. CPAs are currently resurveyed every six years per PG&E Work Procedure 4133-02.
- b. The CPA resurvey cycle changed from every five years to a 6-year cycle in May 2008. Please refer to attachment GRC2011-Ph-I_DR_DRA_210-Q05Atch01 for a copy of Utility Work Procedure 4133-02 (effective October 2008) that documents the current requirements and procedures.
