On page 18-17 of Exhibit PG&E-3, PG&E states that the higher unit cost in 2011 is the result of new Company resurvey procedures. Please provide a copy of the new procedures referenced therein.

PG&E plans to develop a work procedure later in 2010 that identifies all the "instant off" requirements, which will include additional resurvey steps to those already identified in Work Procedure WP 4133-02.
