Subject: Re: March 1 NonDEER Reveiw Group meeting notes

Peter,

I have no significant edits to make to the minutes. If you are looking for agenda items for today, I would suggest some of the items below:

1. Discussion/overview of proposed DEER changes since v 2.05
2. Clarification on what measures and cost effectiveness parameters that we can expect the workbooks to cover by 3/31 so that we know what and what not to submit when the WP web site is operational. SCE has lighting measures that include the following: LEDs, LF (fixture,delamping,lamp to lamp), CFL(lamp,int fixture, ext fixture w/ controls), IF, CMH,PSMH. For exterior/unconditioned lighting we have both dusk to dawn and 24/7.

3. Clarification
on the process for the workbook measures that are "new" ones.

Thanks,

Steven M. Long, P.E.

March 1 NonDEER

Reviw Group meeting notes

Hi All,

Attached is my notes from yesterday's meeting.

Please let me know if I've captured any points incorrectly by tomorrow COB.

Thanks very much.
