Subject: Energy Division proposal for PWHRP workpaper review schedule

All,

I believe that Energy Division and our DEER Team consultant Marlin Addison now have all of the input and additional files needed to fully review the PWRHP work papers. Thank you for your timely response to our request for additional information.

ED would like to propose the following schedule to complete the PWHRP workpaper review:

Proposed Schedule for Completion of Energy Division  
Review of PWHRP work papers:

- 1) Utilities provide Energy Division with the requested additional modeling files (March 9-DONE)
- 2) Energy Division/DEER team fully reviews the models once provided by the IOUs
- 3) ED/DEER team provides the models back to the IOUs with any changes as needed (time estimate: one week, i.e. March 16-17)
- 4) IOUs provide any written comments back to ED/DEER team by COB Tuesday March 23rd (Note: DEER team consultant is available for consultation during this period except for during March 17-19)
- 5) March 24 (morning) hold ED/DEER team-IOU engineering staff conference call to discuss issues raised, determine if follow up work papers and/or model inputs are likely to get to a 20% threshold or not.

*If it is agreed that the 20% average savings threshold is not met:*

- 6) IOUs have some time period to continue review (one week?) and provide feedback and proposed revisions to the measures and/or savings estimates sufficient to bring average savings to 20% level (ie, approx time frame: March 30).

If you have any feedback on this proposed process, please let me know. On Thursday (tomorrow), I will move ahead with arranging the proposed conference call for March 24th morning. I believe that this can be an all-IOU call.

Best  
wishes,

Cathy Fogel

**Subject:** Energy

Division request for all input and other files pertaining to work papers for  
PWHRP (Advice Letters- PG&E 3087-G/3608-E; SCE AL 2430-E; SDG&E AL  
2144-E/1926-G; SCG AL 4070:)

All,

Energy Division this  
morning submitted a data request pertaining to Advice Letters- PG&E  
3087-G/3608-E; SCE AL 2430-E; SDG&E AL 2144-E/1926-G; SCG AL 4070 as  
follows:

-----

Regarding work papers for  
the Prescriptive Whole House Residential Program (PWHRP) filed in relation to  
Advice Letters- PG&E 3087-G/3608-E; SCE AL 2430-E; SDG&E AL  
2144-E/1926-G; SCG AL 4070:

By close

of business March 9, 2010, please provide to Energy Division ALL simulation  
input files necessary to open and run simulation models (e.g., EnergyPro BLD  
files, eQUEST, PD2, INP and PRD files, plus any special weather or library files  
that may have been used) used to prepare the annual utility savings estimated in

the utility work papers filed February 26th, 2010. By the same date, please also provide to Energy Division ALL the files necessary to reproduce any 'outside' calculations leading to savings estimates (i.e., calculations performed outside of the simulation models in support of the savings reported).

Please

provide these files to Energy Division and to Marlin Addison, consultant to Energy Division at:

[marlin.addison@doe2.com](mailto:marlin.addison@doe2.com); 480-968-2040

(office, direct); 480-766-1052 (cell). Please contact Marlin directly to arrange for FTP of the files as needed.

This data request pertains to the work papers filed on February 26th, 2010:

PG&E: Prescriptive Whole House Retrofit  
PGECOALL1103.doc and Prescriptive Whole House Retrofit PGECOALL1103 Analysis and Output Summary.xls

SCE: SCE &  
SCG\_PWHRP\_Technical\_Narrative\_v1.1.doc

SDG&E: WPSDGEREL\_1059\_Prescriptive Whole House Retrofit (5).doc

SCG: PWHRP Technical Narrative v2  
0.doc

**We are requesting a quick turn around time for this data request for input and other files relating to the work papers in order to undertake a complete review of the work papers in a timely fashion. Thank you in advance for your timely response.**

Best wishes,

Cathy
