Subject: RE: vendor list / URGENT!

Major PG&E SmartMeter Vendors:

Meters /endpoints : Landis + Gyr, General Electric, Sensus Metering Systems (formally Rockwell), Elster American Meter, Mercury Instruments (rotary indexes)
Electric comms: Silver Spring Networks, DCSI (ESCO)
Gas comms: Aclara RF
WAN providers (only service providers): AT&T Networks, Verizon Wireless , Spacenet Communications
Installation Contractors : Wellington Energy, Diversified Systems Inc
Meter data management: Ecologic Analytics, EDS, Hewlett Packard
Billing System: CC&B (an Oracle product)
Web presentment products: Aclarasoft
System Integrators: Accenture, IBM, CSC, Telcordia
Consulting support: PriceWaterhouseCoopers, McKinsey & Co, Bass & Co, Michael Weibe/Quaker Lane Consulting, FSG/Veregy Consulting, Enernex, Tavormina & Associates, CH2M Hill, Matasano Security LLC
Legal: Pillsbury, Winthrop; ReedSmith, Greenberg Traurig

Of course, we buy from hundreds to thousands of vendors other than those shown here that I believe would be below the level of providing a 'key' component, per your request. If you would like, I can run any specific name against our vendor list and report any extent we have made purchases from them.

Jim

Subject: vendor list / URGENT!

Hi:

Can one of you put together a list of all the vendors/supplies involved with PG&E's AMI/billing systems (from meter to billing) and planning/deployment/operation of the equipment/systems. We are looking for those that an outside person would reasonably

consider a key component of the end to end system or a key player in the planning/deployment/operation of related system (don't list every last vendor of every little piece or action).

As you might imagine, this is to check on conflict of interest issues involving the consultant. We need this list in the morning. I hope that is possible (by 10AM?). We should have thought this earlier.

Thanks.

Aloke
