Advice XXXX-G/XXXX-E
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Establish Electric and Gas SmartMeter Evaluation Memorandum Account (SEMAs) per the Assigned Commissioner Ruling on February 16, 2010

In compliance with the Assigned Commissioner Ruling on February 16, 2010, affiliated with Application 09-12-020, Pacific Gas and Electric Company (PG&E) hereby submits a Tier 2 advice letter to establish electric Preliminary Statement XX – SMARTMETER EVALUATION MEMORANDUM ACCOUNT - ELECTRIC (SEMA-E) and gas Preliminary Statement XX – SMARTMETER EVALUATION MEMORANDUM ACCOUNT - GAS (SEMA-G) to allow PG&E to track and record the consultant costs related to the evaluation of SmartMeter™ devices, software and billing systems that support the SmartMeter™ devices, and other associated expenses. The affected tariff sheet is listed in the enclosed Attachment 1.

Background

On February 16, 2010, Commissioner Michael R. Peevey issued an Assigned Commissioner Ruling (ACR) in Application 09-12-020 directing PG&E to pay the Commission's consultant expenses related to the evaluation of SmartMeter™ devices, software and billing systems that support the SmartMeter™ devices and all other expenses involved in the consultant's evaluation of PG&E's SmartMeter™ program.

The Commission authorized PG&E to deploy SmartMeter™ devices in Decision (D.) 06-07-027, followed by D.09-03-026 authorizing an upgrade. In response to public concerns raised about PG&E's deployment of SmartMeter™ devices in the San Joaquin Valley, the Commission determined at its November 20, 2009 business meeting that independent testing of PG&E's SmartMeter™ devices and related software, should be undertaken. The Commission found, pursuant to Pub. Util. Code Section 632, that extraordinary circumstances justify expedited contracting by the Commission for the necessary consulting services.

Proposed Preliminary Statements

Pursuant to the February 16, 2010 ACR, PG&E is requesting Commission authority to establish the electric and gas SmartMeter™ Evaluation Memorandum Accounts (SEMA-E and SEMA-G) to track and record costs associated with the consultant expenses discussed in the ruling.
