Simon, per my voicemail, I'll bring over for you the bound copies of the full LTPP plus the confidential appendix B, today. Look for an email from Alice Gong with a PDF of the updated & conformed LTPP, so you'll have it electronically. We can send over a summary of the changes that were made to it between early 2008 and today, separately (probably later this week).

I'd like to discuss your question about the procurement limit methodology; can you give me a call at your convenience?

Thanks,
Trina

Hi Trina,

Please send an electronic confidential copy of the most recently updated 2006 conformed LTPP. The links don't work. Thanks!

Simon,

I *think* the two resolutions in the links below address your question of whether PG&E has worked out an approved procurement limit methodology with the PRG and ED and submitted by advice letter pursuant to D.07-12-052. If not, and you had something else in mind, give me a call and I'll track it down for you.

Trina

The conformed LTPP - Hedging Plan filed May 12, 2008:

Hi Trina,

Confidential Appendix B (Elec & Gas Hedging Plan) is missing from my copy of PG&E's approved conformed 2006 LTPP. Can you please send me a bound copy and an electronic copy? Thanks!

Also, can you please provide me an update about whether PG&E has worked out an approved procurement limit methodology with the PRG and ED and submitted by advice letter pursuant to D.0712-052? Thanks!

Finally, can you please send four clean confidential bound copies of PG&E's approved 2006 LTPP complete with all appendices? I need them for new LTPP staffers. Thanks!
