Subject: Possible tour of PG&E Core Gas Trading Pit On June 8

Hello
Bill,

It was nice to see you from afar at the PANC meeting last week. After Comr. Simon's speech we talked with Laura Scott from PG&E. As a result of that conversation, Comr. Simon is interested in a possible tour of PG&E's gas trading pit.

Anyway, we had a scheduling meeting today with Comr. Simon and identified June 8 as a possible day he could be available for a tour. Would it be possible to see if June 8 could work for PG&E?

I'll be out through May 26 and will look forward to touching base when I return.

My
best,

Karen

Karen,

I enjoyed seeing you today and hearing the PANC lunch speech. You and your colleagues are doing a fantastic job of preparing Commissioner Simon.

Commissioner Simon expressed interest in a tour of Core's Gas Trading Pit. Such a tour can easily be arranged, so please let me know the next steps to accommodating his request.

Also,

since we weren't too successful catching up today, let's schedule a lunch together in the near future.

Great to see you too. Thank you for talking with me. We will talk internally about a tour for Comr Simon on Gas Procurement.
