Bill and Laura,

I need to double check a possible scheduling conflict on June 8--pls consider this a heads up and will check back with you when I return from some time off.

Thank you,

Karen

Subject: Possible tour of PG&E Core Gas Trading Pit On June 8

Hello
Bill,

It was nice to see you from afar at the PANC meeting last week. After Comr. Simon's speech we talked with Laura Scott from PG&E. As a result of that conversation, Comr. Simon is interested in a possible tour of PG&E's gas trading pit.

Anyway, we had a scheduling meeting today with Comr. Simon and identified June 8 as a possible day he could be available for a tour. Would it be possible to see if June 8 could work for PG&E?

I'll be out through
May 26 and will look forward to touching base when I return.

My
best,

Karen

Karen,
I enjoyed seeing you today and hearing
the PANC lunch speech. You and your colleagues are doing a fantastic job
of preparing Commissioner Simon.
Commissioner Simon expressed interest in a
tour of Core's Gas Trading Pit. Such a tour can easily be arranged, so
please let me know the next steps to accommodating his request.
Also,
since we weren't too successful catching up today, let's schedule a lunch
together in the near future.

Great to see you too. Thank you for talking with me. We will talk internally about a tour for Comr Simon on Gas Procurement.
