Subject: FW: Draft of SmartMeter Memo Account for Sharing with Energy Division

Alope (to your [Redacted] account and cpuc):

We would like your comments on the following advice letters regarding how PG&E will capture the costs associated with the assessment consultant. We obviously need to get something filed before the consultant is actually engaged. Please let me know if you would like to discuss. I know these advice letters don't normally go to the Energy Division, but this is a special case.

Jim

**Subject:** Draft of SmartMeter Memo Account for Sharing with Energy Division

Jim:

Here are drafts of an advice letter, with accompanying tariff language, for the proposed memorandum account for the Commission's SmartMeter consultant costs.

As we discussed, please share these drafts with the Energy Division and seek their comments on the approach. We do not have a specific deadline for filing, but I think anytime in the next week or so would be appropriate to keep this moving.

Please let me know if you or the Energy Division has any questions.

Thanks Jim.

SF
