Jennifer - thank you for reaching out. I will pass along your request to the appropriate internal PG&E contacts so we can set up this meeting.

Kate

Subject: PDP Outreach meeting

Hi Kate,

I would like to set up an in person meeting with the PG&E staff that will be involved with PG&E's customer education and outreach for Peak Day Pricing. I appreciate that you passed along your CE&O plan for large customers to me and Marzia. I would also like to get an understanding of how you are approaching the outreach plan that you have to post to the service list within 60 days of Decision 10-02-032, and the Advice Letter that you have to submit for outreach goals and measurements. I see this meeting as an informal introductory conversation to make sure we are all on the same page.

Tentative agenda items

- Introduction to staff involved in research and outreach and their roles

- Brief overview of research and outreach conducted for large customers to date

- I will provide an overview of Energy Division's expectations for the outreach plan and the advice letter and address any questions you may have

- Overview of details that you are expecting to include in the 60 day outreach plan to date

Please forward this message on to the appropriate staff and have them get back to me with their availability for 1 1/2 hours between 10 and 2:30 on

W, Th, F of this week or
M, T, Th, F of next week

Also, I'll be glad to come over to PG&E's offices for the meeting.

Thanks! I look forward to meeting all of you.
