**QUESTION 6**

Provide all supporting information to justify the points of intersections between the three lines entitled "COS", "PPA-1", and "PPA-2. For instance, lines COS and PPA-1 appear to cross at about year 6.5 and line COS and line PPA-2 appear to intersect at about year 24.5.

**ANSWER 6**

The chart is illustrative and meant to generally show the trend under the various scenarios. The intersection points are therefore not dispositive.
